AIRLIGHTER

The Airlighter has been developed from the ground up to meet the challenge of fast, safe and portable fire lighting. First, a long-reaching flame provides 2,600° F at the touch of a button. The adjustable grip and long barrel allow you to safely get the flame where you need it in any grill, fireplace or firepit. Add to that an efficient fire-propagating fan, and the Airlighter represents the fastest cold-to-cooking time of any available consumer product. And it's fully portable so you won't be looking for an extension cord and an outlet. For good measure, we added an integrated flashlight and even a bottle opener to make sure that it becomes your favorite tool.

In The Box

- Airlighter. Model: BA001
- USB charging cable
- 2 year warranty upon registration
- UPC: 817734010249

Sold Separately

- Airlighter Fuel (1.5 fl. oz.) Model: BAF0015
- Chef grade, non-clogging butane
- Refills Airlighter 3-4 times per can
- Packed 12 cans per case
- UPC: 817734010300

Marketing Support

- 7' banner stands
- Inclusion in the store locator
- Product video and high res images
- New materials under development
- Download images at www.airlighter.com

Specifications

- 15 minutes of burn time per refill
- 30 minutes of fan time per recharge
- CPSC compliant child safety locks
- Unit Weight: 1.7 lbs
- Retail box dimensions: 22.75" x 5.75" x 6"
- 6 units per case
- Case weight: 20 lbs
- Case dimensions: 24" x 16" x 13"

ADVANTAGES:

FASTER

- Incorporates patented F3 technology (flame, fan, fire)
- Start your fire in seconds
 - Be ready to cook in about 5 minutes

CLEANER

Cleaner for your food and the environment

- No need for lighter fluid or chemical starters
- Dramatically reduces the need for ozone depleting lighter fluid

SAFER

CPSC compliant to avoid accidental ignition

- Safe to light; eliminates lighter fluid accidents
- Safe for the family; remains cool and incorporates child resistant controls
