

PREPARE TO USE YOUR GRILLEYE® PRO+

detailed instructions at: grilleye.com/support

DOWNLOAD THE GRILLEYE® PRO APP
iOS ver. 10.0 or later
Android ver. 4.4 or later

MAKE SURE YOUR GRILLEYE PRO+ IS CHARGED.
GrillEye® PRO+ runs on a powerful, rechargeable battery that can last up to 48 hrs of continuous use* (charge for ~2¹/₂ hrs until full). Product can be used while being charged.
* full load / proximity function activated

SWITCH ON BLUETOOTH® ON YOUR MOBILE
GrillEye® PRO+ requires Bluetooth 4.0 or higher. It is compatible to latest Bluetooth 5.0 technology to achieve even higher speeds at low energy consumption.

ACTIVATE WIFI® ON YOUR MOBILE
GrillEye® PRO+ uses WiFi® in tandem with Bluetooth® to offer unmatched range anywhere in or around your house, limited by the range of your house's WiFi network.

1. POWER-UP YOUR GRILLEYE® PRO+

Press once the Power button.
A short "beep" will sound and the screen will light-up to display the GrillEye® logo.

Powersaving

For powersaving purposes, the device will power off automatically if idle for more than 4'. To wake, press the power button once.

2. LAUNCH THE GRILLEYE® PRO APP & PAIR

Once the app opens and detects a GrillEye PRO+ device near your mobile, it will connect automatically. Press the "Let's grill" button and you are ready to go!

The first 2" of pairing

- GrillEye PRO+ displays your mobile's name
- App displays your GrillEye PRO+ serial number

3. SETUP CONNECTION WITH YOUR WIFI

After pairing, the app will prompt you to select your WiFi network from a list of available networks. Select your network and enter your password to connect.

Connection to your WiFi

Connection to your WiFi ensures limitless range** in your house. If you miss initial WiFi setup, you can find the option in app Settings. In cases where WiFi may not be available (e.g. power outage) you can use only Bluetooth® (range of ~10m/30ft).

** range limited only to the number of your house's WiFi network

TIPS FOR PRO-GRADE RESULTS

WiFi® CONNECT GRILLEYE® PRO+ TO YOUR WiFi® NETWORK

Enjoy **unmatched range** anywhere in or around your house, as long as you are connected to your WiFi. **GrillEye® PRO app** will prompt you to connect during 1st use. You can always find the option in app Settings (e.g. for setting-up new WiFi networks).

SET TEMPERATURE UNITS TO °F or °C

If your mobile phone supports **localisation preferences** (e.g. language, temperature units of measurement etc.), the **GrillEye® PRO app** will detect them and setup everything automatically. If not, just visit the app Settings to adjust as needed.

8x EXPLOIT ULTRA CAPACITY OF 8-PORTS FOR MAXIMUM ACCURACY

The **GrillEye® PRO+** allows you to monitor temperature of up to **8 different sources**. Want to use your 4 chambers smoker? No problem. Now you can monitor, effortlessly, all chambers' ambient temperature as well as all meats' core temperature.

CHARGE USING ANY USB PHONE CHARGER

GrillEye® PRO+ runs on a powerful, rechargeable battery that can last up to 48 hrs of continuous use* on a single charge. Recharge using any USB phone charger (~2^{1/2} hrs until full). In case you forgot to charge, you can use it while charging it.

SAFETY GUIDELINES

AVOID PROLONGED EXPOSURE TO HEAT

Heating the product, above 50°C / 122°F may damage its electronics.

KEEP AWAY FROM FIRE

If a surface is too hot to touch, it's too hot for magnetically mounting the GrillEye® PRO+.

DO NOT ATTEMPT TO OPEN OR MODIFY

Any unauthorised attempt to open the device will constitute its warranty to become void.

NOT WATER-RESISTANT / WATERPROOF

The device is designed for outdoor use. Do not expose directly to condensed moisture / rain.

CAUTION! GRIP MAY BECOME HOT WHILE IN USE

When heated do not touch without protective gloves.

DO NOT EXPOSE DIRECTLY ONTO FIRE

Prolonged exposure directly onto fire (temp. > 380°C / 716°F) may cause the probe to malfunction.

NOT DISHWASHER SAFE

Avoid submersion into water. Do not put inside the dishwasher.

KEEP AWAY FROM CHILDREN

Probe tip can cause injuries to children. Keep away from their reach.

REMOVE WRAP BEFORE USING

Probe wrap is for storage purposes only. Unfold wire and remove wrap before each use.
