Included Accessories

- SolarCell Remote (TM2365E)

Industry Certifications

- CTA 4K Ultra HD Connected
- HDR10+

¹The Terrace Full Sun is operable up to 122° F of ambient temperature, but the display panel is protected up to 6 hours of direct sunlight at 104° F for black spot prevention; brightness may decrease to protect panel in certain high temperature and sunlight conditions.

²100% color volume measured to DCI-P3 standard, certified by VDE.

³High speed internet connection, additional gaming service subscriptions and compatible controller required. *Samsung Account required for network-based smart services, including streaming apps and other smart features. Separate [connected] computer, mobile or other device may be necessary to create/log in to Samsung Account (free to download and create). Without Account log in, only external device connections (e.g., via HDMI) and terrestrial/over-the-air TV (only for TVs with tuners) available.

⁴Utilizes AI-Based formulas.

⁵HDMI—CEC (Consumer Electronics Control) facilitates convenient control functions with compatible devices.

⁶Requires third-party control system installation. See www.samsung.com/us/business/custominstall.

⁷Brightness may decrease in certain high temperature and sunlight conditions.

⁸SmartThings compatible devices only. SmartThings app download may be required.

⁹Source Omdia, Jan 2024. Results are not an endorsement of Samsung. Any reliance on these results is at the third party's own risk.

¹⁰IP rated for dust and water.

Features and specifications are subject to change.

The Terrace (LST9C, LST9D)

KEY FEATURES (page 1 of 2)

PICTURE

Outdoor Optimized Neo QLED 4K Picture with Direct-Sun Protection¹

Get fresh air and a fresh view with incredible Neo QLED 4K clarity and advanced AI features. This Terrace Full Sun is made to look vivid - even outside in different light. See every detail, all on a screen with built-in direct-sun protection.

Anti-Reflection with Wide Viewing Angle¹

Whatever you do, you'll get a great view. The Terrace has anti-reflection tech to limit light distraction and reduce glare. See your TV's clarity and contrast even when you're out and about in your favorite shaded outdoor space.

Neo Quantum HDR+⁷

See content come to life with remarkable picture quality and brightness.* No exaggeration: the things on screen look true enough to touch. You'll get to absorb all the nuances of the latest Hollywood movies and the shows you love made for High Dynamic Range.

NQ4 AI Gen2 Processor⁴

The power behind the 4K picture that actively improves the quality. The NQ4 AI Gen2 Processor keeps everything running, using 20 specialized networks to drive the intuitive Smart TV Hub, Dolby Atmos™ sound, and expertly upscaled 4K resolution.

4K AI Upscaling⁴

Content instantly transformed to incredibly sharp up to 4K resolution. Whether you're streaming an HD movie, watching live sports, or looking back at home videos, experience it all transformed into sharp 4K resolution.

Quantum Matrix with Mini LEDs

Catch every detail in dark to bright scenes. Precise lighting from Mini LEDs boost brightness so you don't miss a thing.

DESIGN

IP56 Rated for Durability

The Terrace is uniquely designed to be durable, earning an IP56 rating—an international system that measures outdoor electronics protection against dust and water.

SMART FEATURES

Smart TV Powered by Tizen OS™

Go beyond smart TV with next-gen apps, super-easy control and a host of enhancements that elevate the TV-watching experience.

Gaming Hub³

Where gaming comes together. Stream your favorite games right from your TV. No console required.

SmartThings Compatible⁸

Take control of your connected devices with SmartThings on your screen. From the comfort of your couch, you can turn off lights, check the door and more—using just your voice or remote. With this built-in app, you've got instant access to them.

INDUSTRY CERTIFICATIONS

4K Ultra HD Connected

All Samsung 2023 and onward 4K UHD and QLED televisions comply with the CTA 4K Ultra High-Definition Connected definition requirements. The trade organization known as the Consumer Technology Association (CTA™) is considered an industry authority on engineering standards for consumer electronics in the United States. Visit www.cta.tech for more information.

HDR10+

HDR10+ advances the current industry standard of High Dynamic Range (HDR) and HDR10 TV formats. As an upgraded version of HDR10, HDR10+ adds dynamic metadata to each frame. This optimal HDR data enables advanced chipsets from leading manufacturers to create a true-to-life picture across a wider range of displays.
