

Product Description

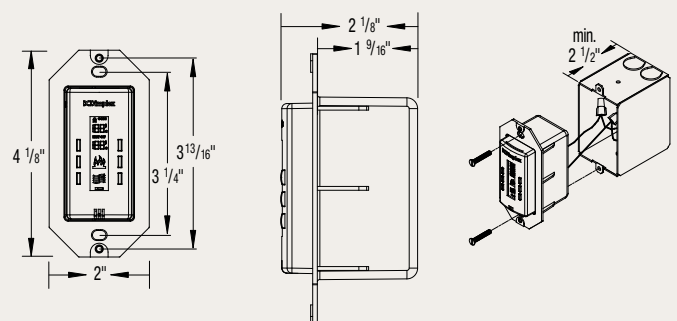

- Radio frequency operation provides a range of 50 feet (15 m) through walls, doors, etc.
- Designed to fit Decora style faceplates* (not supplied)
- Operates on battery power or with hard-wire low voltage connection
- Choice of Celsius or Fahrenheit display
- Displays current room temperature as well as the set temperature

* The RF Wall Switch Remote Control is made to fit standard Decora style faceplates. Due to material inconsistencies of individual faceplates, it may be necessary to remove the faceplate for operations such as changing batteries.
